Mr. Dave Pillatsch
General Manager
Price's Transmission
152 N. Witchduck Road
Virginia Beach, Va. 23462

Dear Dave,

Many times in the last 30 years I have passed your business but seldom have I needed a transmission shop. Recently the transmission on my 36 foot motor home was giving me a problem and I decided to give you guys a try. I could not have been more pleased. I was sure that the size of the RV would present a problem. You and your staff made more than enough room so that the RV could be worked on without clogging up your business. The professionalism and friendliness you and your staff gave me was the best I have run across in the automotive repair business. The work was performed in a very timely manner and to my complete satisfaction. It's nice to know that we have a real 'Gem' so close by. I will highly recommend you to anyone who ever needs transmission work in the future. Thank you for taking care of my RV. You have earned a customer for life. Please feel free to use this letter and my recommendations as you deem necessary.

Respectfully,

Donald M. Price (no relationship)
